GlaxoSmithKline Pharmaceuticals, Inc. is a leading pharmaceutical company that develops and manufactures a wide range of pharmaceutical products, including prescription drugs, over-the-counter drugs, and biologics. The company is headquartered in Research Triangle Park, North Carolina, and has a global presence with manufacturing facilities and sales offices in more than 100 countries. GlaxoSmithKline is a member of the pharmaceutical industry's leading trade associations, including the Pharmaceutical Research and Manufacturers of America (PhRMA) and the European Association of Pharmaceutical Manufacturers (EFPIA). The company is committed to research and development, innovation, and the improvement of human health. In 2019, the company reported a net income of \$11.1 billion and a return on equity of 15.1%. The company's stock is listed on the New York Stock Exchange (NYSE) under the ticker symbol GSK.
