"the fact that what stands between them and the relief of that pain is a drug that costs 2 1.25 a week,
but the jarvik 7 was based on a solid body of animal studies and was intended to be a permanent replacement
for the human heart.

los antipsicos son medicamentos utilizados para regular el sistema nervioso y no le permiten al paciente estar
en sus cabales mientras estén mando de un vehículo

of note: we also log the failures as they happen (we use splunk), which can in turn set off an alert of its own if
the failure is particularly problematic.

she pays even more if too many customers swipe credit cards, she added.
